Course focus was in the technical aspects of 3D motion pictures, including modeling, rigging, texturing, and look development.

Work Experience

University of Georgia Marine Extension

3D Look Development and Effects Internship

In this position I was responsible for the full 3D pipeline including modeling, liquid simulation, and lighting. The resulting three videos had to clearly the function of storm drain infrastructure in downtown Hinesville, GA

Madame Butterfly, Korean Barbecue

Fine Dining Server

This position required extreme attention to detail, resilience to critique, long hours, open communication, and adaptivity. Because this establishment serves Korean barbecue, serving here is a huge responsibility as there are customers by live grills, raw meat at the table, and expensive tabs under your name.

Collaborative Projects

“Kirilo”, Short Animation Film

3D Technical Director

A 2 minute media-hybrid, being the 3D Technical Director for Kirilo involved directing prop models, texturing, and building the four creature rigs. Later in the pipeline I provided CG lighting and oversaw the rendering pipeline.

“Stumblesaurs”, Beta Game (Global Game Jam 2024)

Rigger

I was elected by the ITGM department to rig an interactive stack of characters for animation. I had 8 hours from receiving the character design to passing on the rig, and was able to create a full body rig. Under Global Game Jam, the team has 48 hours to complete the game, and finished second overall with nomination for ‘Best in Theme’

“Unwanted Guests”, Short Animation Film

3D Look Development

On this 2D/3D hybrid film, I was responsible for modeling, lighting, and oversaw the rendering pipeline
